

Convent & Stuart Hall, Schools of Sacred Heart, San Francisco, CA
Geoff DeSantis, Director of Plant & Strategic Design Facilitator

Evolving Transformations. Sacred Heart is constantly investing in the modernization and transformation of space and its unlimited impact upon teaching and learning across its two campuses of 8 unique and historic structures. The school community takes extreme pride in its robust technological competencies in addition to all resources related to space. Dynamic improvements under the direction of Geoff DeSantis have been observed to holistically rethink all attributes while delivering environments truly supporting student-centered pedagogy.
